

HOMEWOOD CONSULTING QUALITY POLICY

Homewood Consulting Pty Ltd is committed to consistently and reliably provide products and services that meet or exceed its customers' requirements in all respects at all times; to meet applicable statutory and regulatory requirements; and to maintain its position as a leading quality consultancy provider in the Arboricultural Industry.

The Homewood Management System documents the processes, policies and procedures to ensure quality is maintained throughout all of our operations. The Management System has been prepared in accordance with the relevant ISO Quality Management System Standard, and includes a commitment to continually improve the effectiveness of the System.

Our Quality Objectives

- to consistently provide products and services that meet customer and applicable statutory and regulatory requirements
- to facilitate opportunities to enhance customer satisfaction
- to address risks and opportunities that affect the company's ability to achieve quality objectives
- to identify, monitor and review the requirements of the interested parties

This policy will be reviewed annually by management in consultation with employees and/ or their representatives. Management expects the cooperation of all employees in realising our quality objectives, in complying with all relevant legislation and in the continued provision of quality products and services.
